FEATURES

The PulseAudio PA230SWA is an in-wall streaming audio receiver with a built in 2x30W amplifier in a single gang wall plate form factor, that creates a simple distributed audio system to stream music over a wireless internet connection. Install in one zone or multiple zones, a great solution to stream music and create a wireless distributed audio system, all while using the easy to use and intuitive PASTREAM app! Play and control music, downloaded or streamed from your phone, tablet, or computer. The PA230SWA is compatible with Airplay, and Wi-Fi Direct that are found within the same network, allowing for songs to be shared easily in a distributed audio system. In addition, a mobile app is available on iOS and Google Play marketplaces, and allows the end user to sync their Spotify, Amazon Music, Qplay, TuneIn, iHeartRadio, and Tidal accounts for an effortless and enhanced listening experience. Multiple PA230SWA amplifiers can be used within the same systems allowing everyone to listen to their own music and playlists or join multiple units together for a party mode!

REMOTE

CONNECT AND OPERATE

PA230SWA

NOTE: Ensure all speaker and power wires are run in accordance to local laws and regulations. Before inserting the amplifier into the electrical box and wall, either note or remove the Bluetooth password found on the sticker of the back of the unit.

- 1. Trace and cut out a single-gang hole in a wall and insert a single gang electrical box
- 2. Connect speaker and power cables while making sure that power is not active
- 3. Install the PA230SWA into the electrical box in the wall
- 4. Power on the unit
- 5. Bluetooth (BT) status LED will quickly blink to be in open pairing mode
- 6. Search and connect to the Bluetooth labeled: Pulse BT
- Enter the password that was found on the sticker on the back of the unit before installing into the wall
- 8. NOTE: After 3 minutes of no pairing or no signal, the unit will automatically go into pairing mode
- 9. For Aux-In source, plug-in audio cable and play
- 10. NOTE: The unit will automatically switch between Bluetooth (BT) and Aux-In, but if both sources are connected and are LIVE, priority is given to the Bluetooth source

SAFETY AND NOTICE

The PA230SWA has been tested for conformance to safety regulations and requirements, and has been certified for international use. However, like all electronic equipment, the PA230SWA should be used with care. Please read and follow the safety instructions to protect yourself from possible injury and to minimize the risk of damage to the unit.

- Follow all instructions and warnings marked on this unit
- · Do not attempt to service this unit yourself, except where explained in this manual
- · Provide proper ventilation and air circulation and do not use near water
- Keep objects that might damage the device and assure that the placement of this unit is on a stable surface
- Use only the power adapter and power cords and connection cables designed for this unit
- Do not use liquid or aerosol cleaners to clean this unit
- · Always unplug the power to the device before cleaning

TECHNICAL SUPPORT

In case of problems, please contact Vanco Technical Support by dialing 1-800-626-6445. You can also email technical support issues to techsupport@ vanco1.com. When calling, please have the Model Number, Serial Number (affixed to the bottom of the unit) and Invoice available for reference during the call. Please read this Instruction Manual prior to calling or installing this unit, since it will familiarize you with the capabilities of this product and its proper installation. All active electronic products are 100% inspected and tested to insure highest product quality and trouble-free installation and operation. The testing process utilizes the types of high-definition sources and displays typically installed for entertainment and home theatre applications. For additional information please visit www.vanco1.com.

LIABILITY STATEMENT

Every effort has been made to ensure that this product is free of defects. The manufacturer of this product cannot be held liable for the use of this hardware or any direct or indirect consequential damages arising from its use. It is the responsibility of the user and installer of the hardware to check that it is suitable for their requirements and that it is installed correctly. All rights are reserved. No parts of this manual may be reproduced or transmitted by any form or means electronic or mechanical, including photocopying, recording or by any information storage or retrieval system without the written consent of the publisher. Manufacturer reserves the right to revise any of its hardware and software following its policy to modify and/or improve its products where necessary or desirable. This statement does not affect the legal rights of the user in any way.

LIMITED WARRANTY

With the exceptions noted in the next paragraph, Vanco warrants to the original purchaser that the equipment it manufactures or sells will be free from defects in materials and workmanship for a period of two years from the date of purchase. Should this product, in Vanco's opinion, prove defective within this warranty period, Vanco, at its option, will repair or replace this product without charge. Any defective parts replaced become the property of Vanco. This warranty does not apply to those products which have been damaged due to accident, unauthorized alterations, improper repair, modifications, inadequate maintenance and care, or use in any manner for which the product was not originally intended.

Items integrated into Vanco products that are made by other manufacturers, notably computer hard drives and liquid crystal display panels, are limited to the term of the warranty offered by the respective manufacturers. Such specific warranties are available upon request to Vanco. A surge protector, power conditioner unit, or an uninterruptible power supply must be installed in the electrical circuit to protect against power surges.

If repairs are needed during the warranty period the purchaser will be required to provide a sales receipt/sales invoice or other acceptable proof of purchase to the seller of this equipment. The seller will then contact Vanco regarding warranty repair or replacement.
