EZ-PLAY TECHNOLOGY

How to pair several speakers (EZ Play 2)

(Speaker D)

(Speaker C)

Master Speaker

(Speaker B)

(Speaker A)

(Additional Speakers Sold Separately)

Step 1

Long press the "**Power**" key for 2 seconds to power on **Master Speaker** (Speaker A), Speaker A works at BT pairing mode and BT Blue LED fast flashes if nothing has been paired with, Speaker A auto reconnects to **last connected** mobile device if it has been paired with.

Step 2

Open the Bluetooth section of the device (e.g, mobile phone), search and connect the Monster SolarX

Step 3

Press "∞" key once on the Master Speaker (Speaker A), it enters into **EZ Play 2** mode, the White LED lights solid and the speaker will say "Tone"

Step 4

Long press the "Power" key for 2 seconds to power on slave Speaker (Speaker B), After the " ∞ " key is pressed, the orange indicator of the B speaker blinks. When the connection is successful, the orange indicator is solid and the speaker will say "Connected " (Speaker B) receives the signal from (Speaker A) and plays the same sound as (Speaker A)

Step 5

All (Speaker B,C,D,E…) and other slave Speaker(s) can enter the **EZ Play 2** listening mode of the slave unit by performing steps 4 above, and play the audio from the main unit.

Remarks:

1 Speakers B,C,D,E… need to be working in Bluetooth paring mode; if Speakers B,C,D,E… are not in working Bluetooth connecting mode, press and hold "**BT**" key for 3 seconds to enter pairing mode.

2 Adjust the Volume control on the master speaker, in the same group speakers will sync the volume changing, If you adjust the volume on any slave speaker, you only change the volume in that speaker.
